Subject: RE: Environmental to Enhanced Version
Attachments: Enhanced.doc

Jim,

I attached some screen shots of how to change to the Enhanced mode. Shut down Chemstation and try this. If you have a problem just call me Monday.

Pete

Hi Peter,

GC/MS tuned OK this morning no leaks. When you contact Agilent about PDF files on 7890 GC, could you ask how to change Chemstation Software with out reloading? You use the Environmental software we normally use the Enhanced. I can not figure out how to change from Environmental to Enhanced.
